CINQUIÈME SENS
NORTHERN EUROPE

Miniature version of a perfumer's organ, the Olfactorium is a real portable lab, an essential DIY tool.

The Key to the World of Fragrances

This fascinating and instructive Workshop will reveal you the secrets of the perfumers' palette and take you to the heart of perfume-creators' expertise. You will understand the unique link between olfaction and emotions, develop the skills for distinguishing natural and synthetic raw materials and learn the methods for memorizing odours, an essential ability in the world of fragrances. Explore the perfumer's organ and discover the olfactive pyramid: you will be equipped with the essential toolkit for understanding the language of perfumes.

Let the enchanted universe of fragrances be revealed to you and awaken your emotions.
