CINQUIÈME SENS
NORTHERN EUROPE

Miniature version of a perfumer's organ, the Olfactorium is a real portable lab, an essential DIY tool.

The basics of Perfume Creation

This practical and creative Workshop will take you to the enchanted universe of perfumes. You will discover the olfactory facets of a perfume, the importance of olfactory tenacity/intensity and learn how top, middle and base notes structure your fragrance.

Join a fascinating journey and enjoy the exciting opportunity of experimenting with a real Olfactorium. Using facets, you create your own perfume.

Learn the secrets of perfume composition and let your unique fragrance awaken your emotions.

Join also
The Perfumer's
Palette Workshop and
discover the language
of fragrances.
